

Technical enquiry checklist

Drawing and revision

Attach the technical drawing with revision, dimensions and essential tolerances. If available, include a 3D model in STEP or IGES format.

Material and quantity

Specify material, alloy or grade, quantity for this order and any planned repeat orders.

Process and finishes

List machining requirements, treatments, marking, inspection and documentation requirements.

Schedule and logistics

Specify the requested delivery date, delivery location, packaging and any storage needs. Dates must be agreed for each supply.

Your contact details

Include company, contact name, email and phone number. Send the request to Info@cbgsrl.it. This checklist is a preparation aid, not a quote or order confirmation.
